Legal notice.

Our catalogue is only intended for buyers who wish to use the goods and services exclusively within the scope of their independent professional, commercial, official or business activities and not for private individuals. All information on goods and services is non-binding and does not constitute a legally binding contractual offer, but only a so-called „invitatio ad offerendum" (an invitation to submit an offer). If prices are stated in the catalogue, these are indicative and non-binding industry prices in EUR (for stand see back of catalogue) plus statutory VAT. In addition, if applicable, there are costs for finishing and other ancillary costs such as packaging, shipping and transport costs, customs duties etc., as well as (if applicable) the statutory value added tax. The product illustrations are not binding. We will be pleased to send you a sample for a precise assessment of the guaranteed properties and functions as well as the colour accuracy of a product. This sample is binding for placing an order. In the case of articles with advertising imprint, we will be pleased to provide you with a proof sample for binding approval of the print, the printing stand and the product characteristics. All articles with customer imprint shown in this catalogue are only for the performance presentation of the printing technology and for reference purposes. The rights to the illustrated logos and brand names as well as to the illustrated custom-made products belong exclusively to the respective copyright/brand owners. Please note that in the case of set items which are marked „Made in Germany" or „Made in Europe", it is possible that not all individual components of the set are manufactured in Germany or Europe. However, it goes without saying that the main manufacturing or processing steps for sets marked accordingly are carried out in Germany or Europe (depending on the marking). Only the laws of the Federal Republic of Germany apply to the contractual relationship. The UN Convention on the International Sale of Goods (CISG) and the referral provisions of German international private law (IPR) shall not apply. Some of the text and image material was created using artificial intelligence (AI).

Errors and misprints excepted.

MADE IN Germany.

Everything from a single source - our own plastics production, finishing and mould construction at our Bavarian site.

The designation of origin ‘Made in Germany’ enjoys a high reputation and is recognised worldwide as a guarantee of quality. After decades in which production in the Far East boomed, there has been a noticeable rethink in recent years. For some time now, regional production and finishing have been increasingly taking centre stage. After all, domestic production also means supporting German companies and thus complying with German quality standards. Shorter production times, flexible ordering processes and many other advantages can be derived from this.

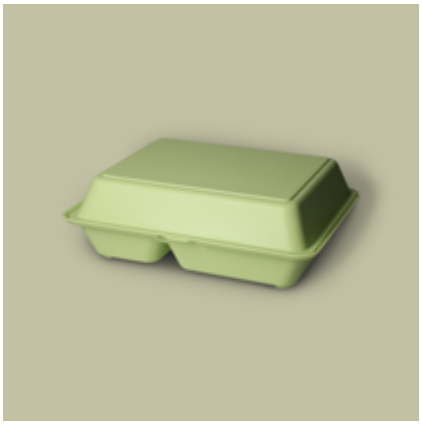
Quality Made in Germany.

Advantages of ‘Made in Germany’.

- ✓ High quality standards.
- ✓ Short transport routes.
- ✓ Planning reliability.
- ✓ Fast delivery times.
- ✓ Well-thought-out, functional product design.
- ✓ Fast and uncomplicated order processing.
- ✓ Job security.
- ✓ Strengthening Germany as a business location.

GLOBAL Sourcing.

Limitless possibilities - powerful global sourcing.
Everything, worldwide, simple. True to our location, we strengthen production and finishing ‘Made in Germany’ - at the same time, we follow innovations and trends on international markets to expand our extensive product range. As an experienced importer, we have a well-developed global network of suppliers and partners. This means we are optimally networked worldwide and utilise innovative supply chain management within reliable international structures.



SUSTAINABILITY.

In economic, ecological and social terms: Because what we do today determines what the world will look like in future. We are therefore committed to a holistic sustainability strategy and to products that fulfil these standards.

Resource efficiency

Investments in eco-friendly systems

Utilisation of photovoltaic energy

Reduction of the CO_2 balance

Improvement of working conditions

Strengthening of Made in Germany production

NEW PRODUCTS.

Here you will find the latest trends in promotional materials, cleverly combining design and functionality – perfect for showcasing brand messages in a modern way.

TRIVEO

born for infinity.

TRIVEO is the new definition of glass: strong, clear, elemental.
Each piece combines the precision of German manufacturing
with the lightness of modern design.

The characteristic pentagon design reflects light like cut crystal
– inspired by nature, designed for the moment and beyond.

TRIVEO is made from high-quality Tritan™ RENEW, is shatterproof,
dishwasher-safe and remains crystal clear even after countless washes.

The Future of Glass.

BENEFITS.

- ✓ Made in Germany
- ✓ Integrated calibration mark
- ✓ Dishwasher safe
- ✓ Made from Tritan™ RENEW with certified* recycled material
- ✓ High-quality laser engraving possible
- ✓ Haptic logo integration available on request
  (plus one-time tooling costs)

*Recycled content, certified by ISCC using mass balance allocation.

TRIVEO TUMBLER.

Quality Made in Germany.

Item no.: 02394

The TRIVEO tumbler is the heart of the brand.

Made from Tritan™ RENEW, it is both a highlight product and a promise: the origin of the design language, the archetype of a new generation of durable glasses, inspired by the geometry of nature.

More glasses will follow.

02324 Drinking cup ‘Splash’

Plastic/Polypropylene
48 Unit, Bulk
143 mm x Ø 88 mm

The box has had its day?
Bring it back!

We recycle together! Once our boxes have served their purpose, we take them back free of charge and recycle them completely. The recycled material is used to create a wonderful new product, and the cycle begins again.

By using recycled materials, we are actively conserving resources. In this way, we are increasing the sustainability of our products and setting an example for the responsible use of plastic. This is our contribution to protecting the environment.

01045 Shaker ‘Protein’, small

Prepare a protein shake after the work out. This transparent shaker with embossed scale divided in steps of 50 ml and screw cap with lockabledrinking opening contains a removable screen so that the liquid and the shaking powder mix optimally. The shaker can be completely disassembled and therefore cleaned thoroughly. Capacity: 0.4 litres.

01287 Insulated soup container ‘Take Away’

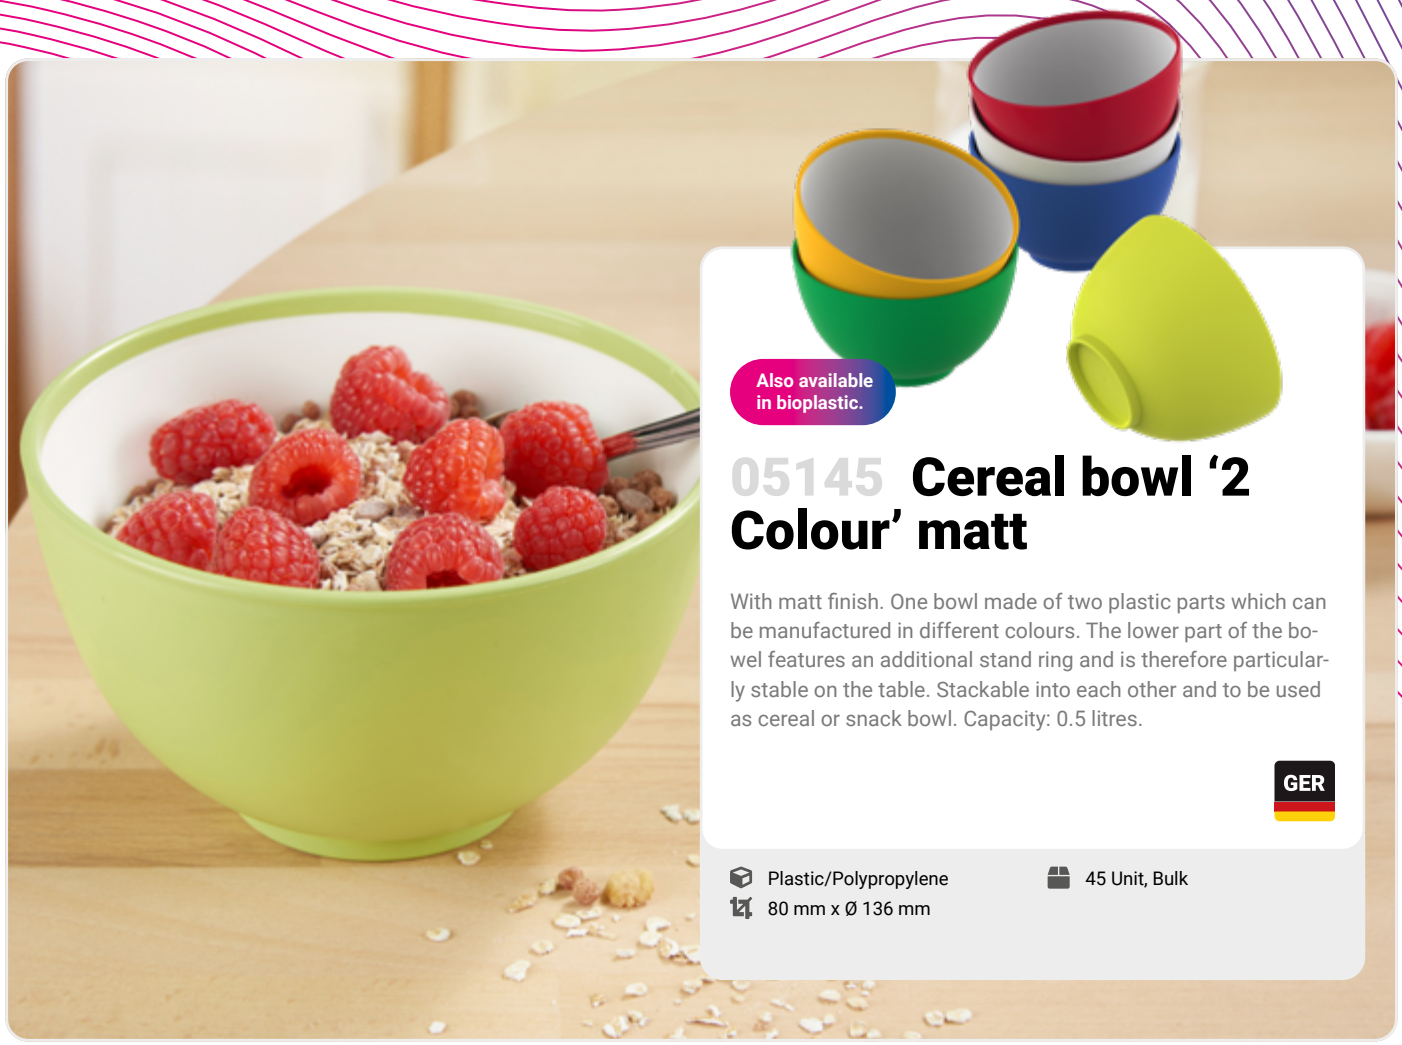
The ‘Take Away’ soup container is ideal for transporting and storing all kinds of foods - especially soups. The lower section consists of double- walled stainless steel. Thanks to the vacuum insulation, the temperature inside the container stays constant for a long time. The container is closed with an internal and external lid. Both are screw-fastening. The internal lid has a silicone seal and makes the container leakproof. Incl. folding spoon, which can be stored in the internal lid. Capacity: 0.5 litre.

Metal/Stainless steel
171 mm x Ø 95 mm
24 Unit, Individual carton + Polybag

09593 Cereal beaker ‘Spoon’

The perfect breakfast beaker. Double-walled, transparent plastic beaker with extra fillable lid. Ideal for transporting yogurt or milk and the cereals or other ingredients separately. The enclosed plastic spoon is stored inside the holder on the silicone sleeve.

Plastic/Polystyrene
100 mm x 175 mm x Ø 90 mm
50 Unit, Individual carton + Bubble wrap



Also available in bioplastic.

05145 Cereal bowl ‘2 Colour’ matt

With matt finish. One bowl made of two plastic parts which can be manufactured in different colours. The lower part of the bowel features an additional stand ring and is therefore particularly stable on the table. Stackable into each other and to be used as cereal or snack bowl. Capacity: 0.5 litres.

GER

Plastic/Polypropylene
80 mm x Ø 136 mm
45 Unit, Bulk

Also available in bioplastic.

01164 Cereal bowl ‘1 Colour’ matt finish

The perfect companion for tomorrow’s breakfast. The muesli bowl has an extra integrated circular rim on the bottom, making it particularly stable. In a single colour and super stackable. Capacity: 0.5 litre.

GER

Plastic/Polypropylene
80 mm x Ø 135 mm
45 Unit, Bulk

05046 Bowl ‘Breakfast’

Stackable, attractive muesli dish with practical handles. Available in a large selection of trendy colours. Capacity: 0.5 litres.

EU

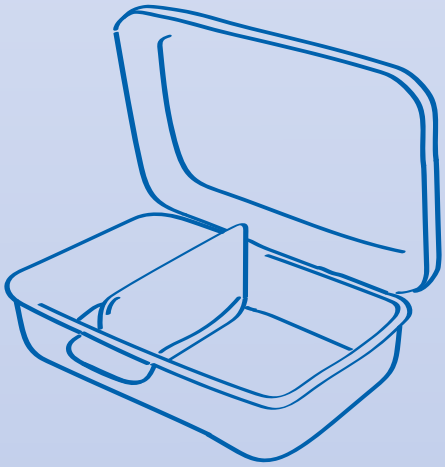
Make a difference together – with ISCC!

What is ISCC?
ISCC (= International Sustainability and Carbon Certification) is an independent, global certification system on a voluntary basis covering the entire supply chain. It identifies the extraction of resource-conserving raw materials and the ecologically valuable products made from them.

Why ISCC PLUS?
ISCC PLUS is the certification system for globally operating companies in non-regulated markets that offer final products.

Our ISCC PLUS certified polypropylene.



87%*

BIO-CIRCULAR MATERIAL.

Bio-circular Material is obtained from waste sourced from forestry, agriculture and the food industry.
Raw materials include: waste cooking oil, straw, forestry waste, pine oil.

* Roughly 10% addition of conventional raw material required for production and roughly 3% addition of colour pigments.

Our items made from ISCC material.

Sustainable raw material instead of fossil resources.
Our products are produced sustainably in Germany using our own green electricity.
We are committed to the responsible use of plastic!

Quality Made in Germany.

Also available in bioplastic.

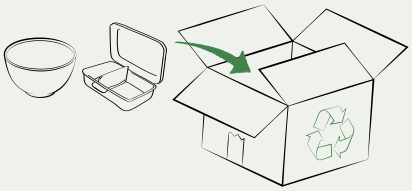
HOME & LIVING.

Products for the home and living space impress with their everyday usefulness and long service life. As promotional items, they become part of your customers‘ everyday lives and ensure that your brand is permanently present and perceived positively.

We recycle together:
Our innovative recycling process.

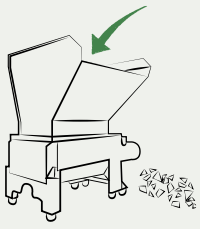
1. Return.

We offer high-quality plastic products made from robust materials. Once our products have served their purpose, we take them back and recycle them completely. All plastic products manufactured by us can be returned to us in a clean condition at the end of their service life.



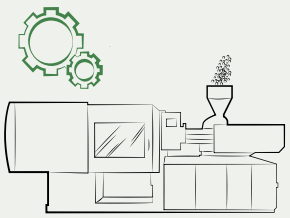
2. Separation by type.

We separate the items to be recycled by colour and type and grind them down. The granulate obtained from this process is then reintroduced into the production process.



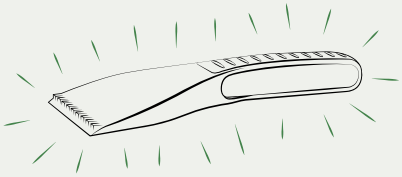
3. Delivery to production.

Due to the single-type separation and the consistent chemical structure of the plastic, it is easily possible to add the recyclate back into production. Hardly any other material has such excellent features.



4. A new item.

The recycled material is used to make a new product, and the cycle begins again. Recycled material that we do not use ourselves is made available for the manufacture of secondary products, such as rubbish bins.



RE:cycle series

Quality Made in Germany.

Products made from recycled materials – sustainable, modern and functional. As promotional items, they highlight your environmental awareness and make your brand a strong partner for responsibility and sustainability.

- ✓ Made from 100% recycled material.
- ✓ Can be customised with your logo.
- ✓ Manufactured in Germany.

By using recycled materials, we actively conserve resources. This allows us to increase the sustainability of our products and set an example for the responsible use of plastic.

02181 Cutlery holder ‘Organize’

Sit comfortably outdoors too. Foldable camping chair with sturdy metal frame and integrated cup holder in the armrest. Packed in a practical bag with shoulder strap. Maximum carrying weight: 100 kg.

Textile/Polyester 600D
890 mm x 500 mm x 890 mm
6 Unit, Bulk

01871 Barbecue set ‘Party’

Ideal for every grilling enthusiast. This essential grill set in stainless steel contains grilling tongs, grilling fork and grill turner, within an handy storage bag with handles.

Metal/Stainless steel (420)
385 mm x 110 mm
24 Unit, Bulk

01797 Grill ‘Portable’

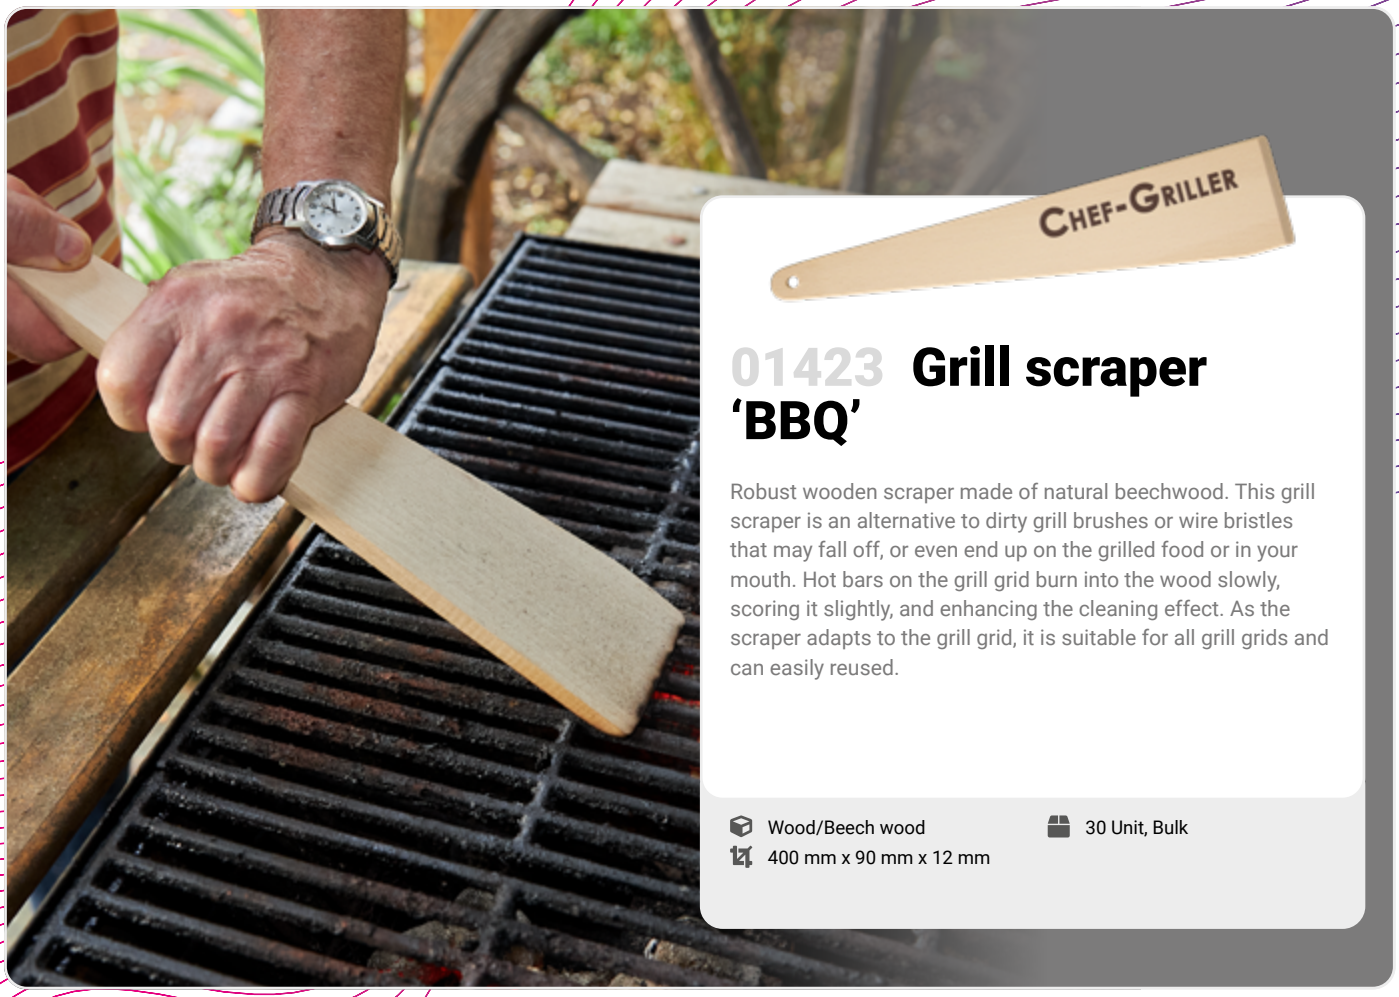
Foldable aluminium grill with carry handle. The practical portable camping grill is ideal for a barbecue in the park, at a lake, on the balcony or at festivals, anytime you like. It also has space for accessories such as grill lighters or tongs. Ready to use in a few minutes, no tools needed. The angular supports ensure that the grill stands safely. The stainless steel cooking grid inside, size approx. 33.5 x 20.5 cm, can grill food for 4 persons.

Metal/Stainless steel
400 mm x 275 mm x 245 mm
4 Unit, Bulk

01894 Grill set ‘Deluxe’

Attention BBQ lovers! The 20-piece barbecue set includes everything you need for a successful barbecue. The high quality stainless steel grill cutlery set consists of grill tongs, grill fork, spatula, 4 shish kebabs, silicone kitchen brush, 8 corn cob holders, salt and pepper shakers and a wire brush for cleaning the grill. The full set of accessories can be neatly sorted and conveniently transported in a practical aluminium grill case.

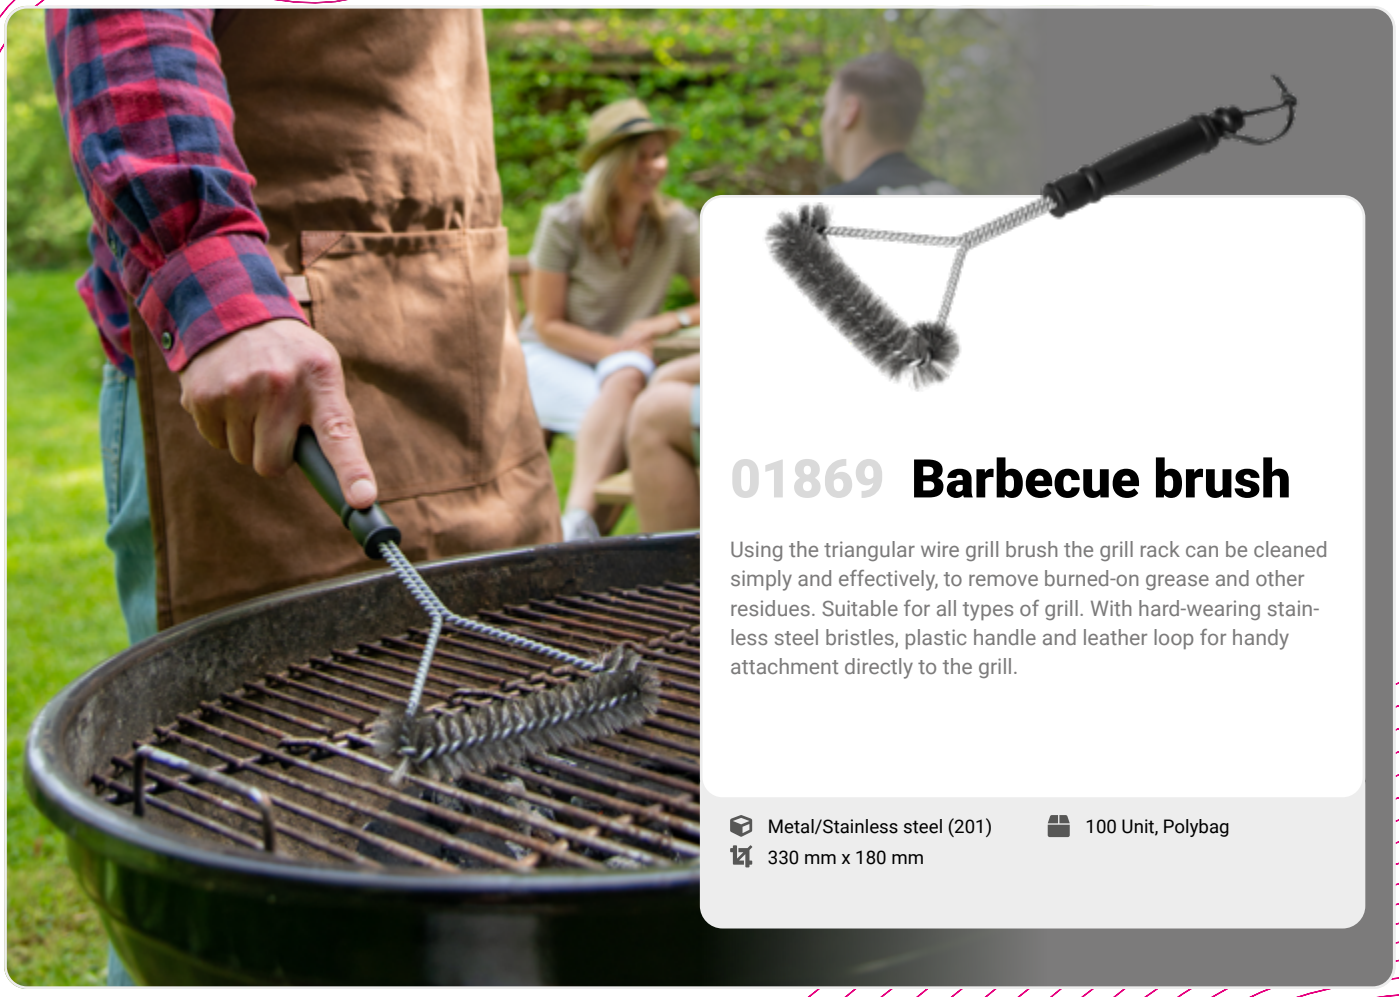
Metal/Stainless steel
470 mm x 170 mm x 80 mm
6 Unit, Polybag



01423 Grill scraper ‘BBQ’

Robust wooden scraper made of natural beechwood. This grill scraper is an alternative to dirty grill brushes or wire bristles that may fall off, or even end up on the grilled food or in your mouth. Hot bars on the grill grid burn into the wood slowly, scoring it slightly, and enhancing the cleaning effect. As the scraper adapts to the grill grid, it is suitable for all grill grids and can easily reused.

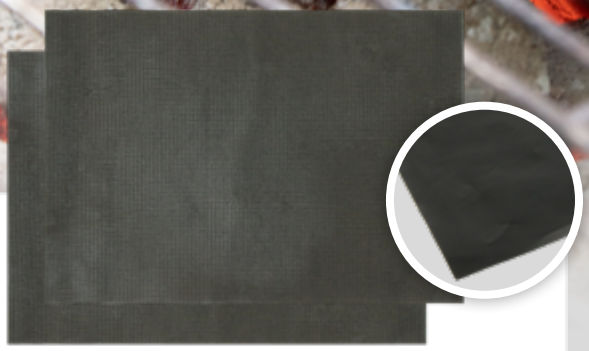
Wood/Beech wood
400 mm x 90 mm x 12 mm
30 Unit, Bulk



01869 Barbecue brush

Using the triangular wire grill brush the grill rack can be cleaned simply and effectively, to remove burned-on grease and other residues. Suitable for all types of grill. With hard-wearing stainless steel bristles, plastic handle and leather loop for handy attachment directly to the grill.

Metal/Stainless steel (201)
330 mm x 180 mm
100 Unit, Polybag



01243 Barbecue mat ‘BBQ’, 2-piece set

Keep things nice and clean at the barbecue with this 2-piece set. Practical barbecue underlay for gas and charcoal barbecues. Also ideal for use as baking paper or a baking mat in the oven. It is reusable and easy to clean with a soft cloth. Made from fibreglass with a Teflon coating.

Plastic
297 mm x 210 mm
50 Unit, Individual carton + Polybag

01868 Grill barbecue tongs ‘BBQ’

The classically curved grilling tongs are a handy assistant when grilling or in the kitchen. The notches on the handle and the spring tension ensure optimum handling. The ribbed and internally textured ends of the tongs ensure a safe grip on the food. In matte stainless steel.

Metal/Stainless steel (304)
345 mm x 70 mm
100 Unit, PLA polybag

02065 Barbecue skewer ‘Picante’, set of 4

This makes barbecuing really fun! The 4-piece barbecue skewer set made of high-quality stainless steel is a must at every barbecue party. The highlight is that by pressing the movable stainless steel sleeve together, it can be pushed forwards so that pieces of food can be easily removed from the skewer. However, a raised section at the tip of the skewer prevents the sleeve from falling off the product. A clean alternative for all barbecue fans.

Metal/Stainless steel (430)
355 mm x 18 mm x 18 mm

48 Unit, Individual carton

07482 Grill barbecue tongs ‘Asado’

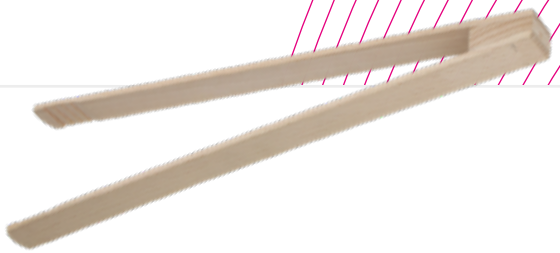
Practical and flexible barbecue tongs made of steel with birch-wooden handles.

Metal/Stainless steel
330 mm x 62 mm x 23 mm
72 Unit, Polybag

01872 Grill barbecue tongs ‘Oak’

Premium grilling tongs in oiled oak with notches for comfort-able handling. Thanks to the ribs at the tip of the tongs, the food remains securely gripped.

Wood/Oakwood
390 mm x 20 mm x 7 mm
400 Unit, Bulk



08665 Barbecue tong ‘Delano’

Light but robust barbecue tong made from unpainted beech wood. The plain and functional shape with four inboard grooves each guarantees safe turning of the grilled food. Perfectly suitable for CO2 laser finishing.

Wood/Beech wood
300 mm x 20 mm x 60 mm
800 Unit, Bulk

01718 Barbecue tongs with bottle opener ‘Opener’, 35 cm

For real barbecue professionals! Stainless steel barbecue tongs with integrated bottle opener. Thanks to the stainless steel material, you will enjoy these barbecue tongs for a long time. The tongs have plastic handles to protect your hands from the hot metal when grilling.

Metal/Stainless steel (430)
350 mm x 25 mm
50 Unit, PLA polybag

01630 Barbeque tongs with bottle opener ‘Opener’, 43cm

For barbecue pros! Barbecue tongs with integrated bottle opener. The slim and functional shape with four grooves on the inside ensures that food can be turned securely. Also perfect for customisation with CO2 laser. Not dishwasher safe.

Wood/Beech wood

01013 Ice scraper ‘TopGrip - Digital Vision’

A cleverly designed ice scraper - MADE IN GERMANY. The shape of the ice scraper makes it comfortable to use. The anti-slip material on the handle helps to efficiently and quickly scrape off any ice on the windshield. The jagged edges on the top side of the ice scraper easily help to remove thick layers of ice. The handle has one printable plate on each side which can be used for uv-digital printing, thus creating effective advertising.

SAFETY for life.

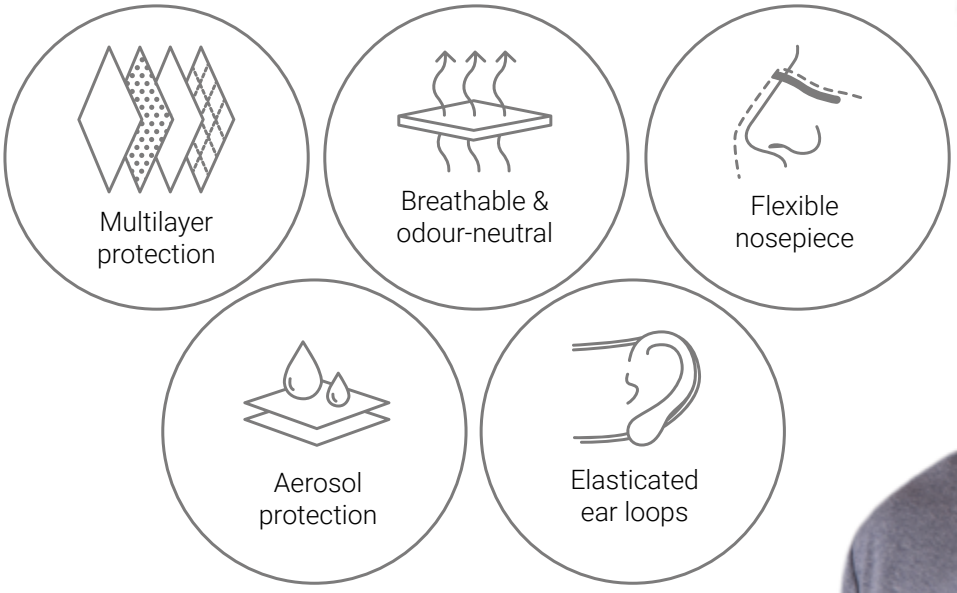
Safety for life – competent solutions for challenging issues.

Stay safe, stay healthy. We present the expansion of our product range to include a variety of protective articles – including in-house mask production ‘Made in Germany’. Originally launched in response to supply bottlenecks during the coronavirus pandemic, our specialisation in this area enables us to react quickly and flexibly to challenging issues. We stand for fast and uncomplicated production in compliance with the highest quality standards.

Respiratory Mask.
FFP2 and FFP3.

Quality Made in Germany.

CERTIFIED
In accordance with Regulation (EU) 2016/425
and the European EN 149:2001 + A1:2009 standard.
ALSO INCLUDES PRINTED MASKS.



01992 Respiratory Mask ‘easy2breathe’ FFP2 NR

Our quality promise.
- Production and Material – 100% Made in Germany.
- High-quality processing in accordance with European standards.
- Highest standards with regard to environmentally-friendly and hygienic production processes, packaging and storage.
- Uncompromising and consistent quality checking for the most exacting requirements and security.

Your benefits.
- The use of high-quality German filter fabrics means that there is no need for redundant additional filter layers.This makes breathing and the long-term wearing of the mask much more pleasant than with the majority of other models.
- Safe and effective protection for the wearer against particles, liquids and solid aerosols.
- Free from glass fibres, latex and odours.
- Extra skin-friendly non-woven fabric with very low breathing resistance, a higher level of comfort and an exceptional fit.

Respiratory masks – production on request.

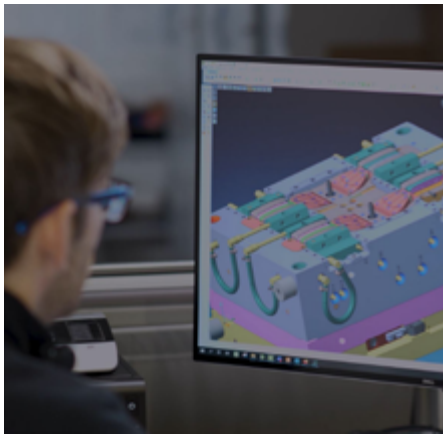
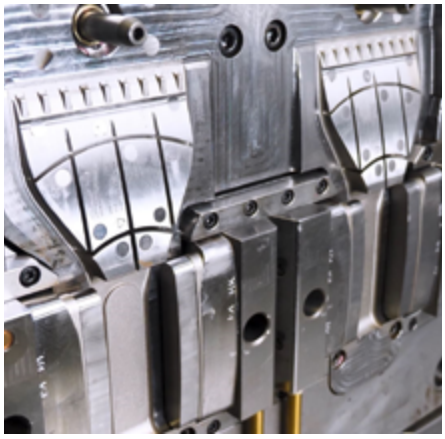
TOOLING.

Customised solutions in all branches of industry.

Whether it is 3D prototyping, individual or overall project work, technical advice, repairs or the supply of spare parts - elasto offers individual options as well as comprehensive service from a single source.

Flexibility and speed are top priorities at elasto toolmaking: Thanks to „Made in Germany“ production and modern machinery, 5-axis CNC milling, wire cutting, deep-hole drilling, die-sinking EDM and rapid prototyping are possible.

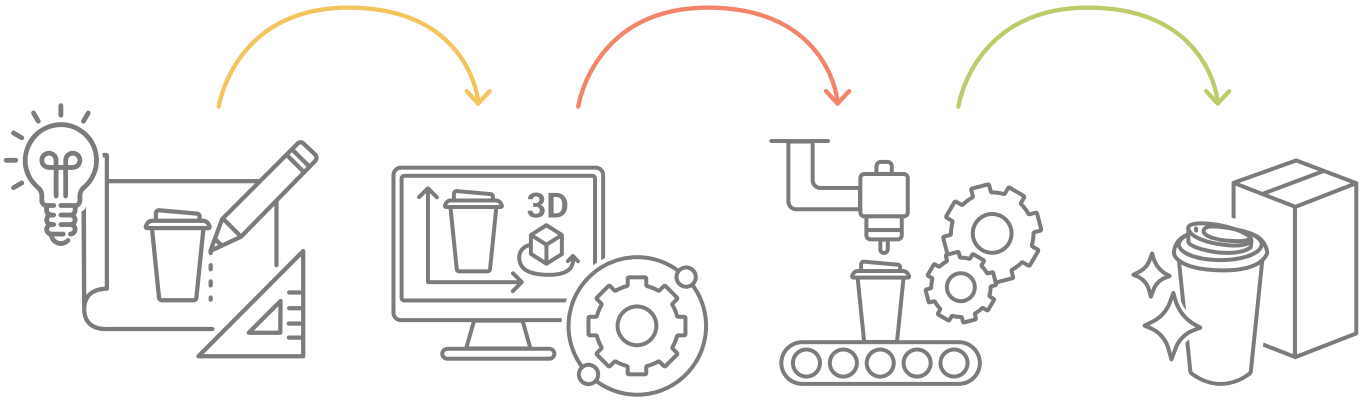




CUSTOMISED PRODUCTS.

We turn your ideas into reality with unique branding.
We create and develop the complete solution based entirely on your ideas and requirements, ensuring that everything is 100% customised and from a single source.

We give your ideas a special edge. Within a very short time, we are able to produce unique articles ready for series production. We place particular emphasis on customer proximity and personal consultation throughout the entire process.



Development, technology and quality.

Production and finishing.

Service from the beginning to the end.

- ✓ 100% individual - each figure is unique.
- ✓ Optionally available with accessories or shake head.
- ✓ Perfect as a gift.

Your individual figure.

GUIDELINES & REGULATIONS.

Toys.

All offered children's toys comply with the European Directive 2009/48/EC on the safety of toys and the EN 71 series of standards. Toys may be unsuitable or dangerous for children of a certain age due to their function, dimensions, features, characteristics or other reasons. To further improve safety, the toy comes with warnings informing the consumer of the potential danger posed by the toy.

The following are the warnings that apply to the individual articles. Next to the offered items in this catalogue are small numbers that match the listed warnings.

1. Attention! Not suitable for children under 3 years, because of small parts that can be swallowed. Choking hazard!
2. Attention! Not suitable for children under 3 years. Risk of injury due to long cord.
3. Attention! Not suitable for children under 3 years. Danger of strangulation and tripping due to long cord. Do not use near power lines or during thunderstorms.
4. Attention! Use under the direct supervision of adults. Not suitable for children under 3 years. Danger of falling! The Schneeflitzy requires great skill in steering and braking, so learn to use it on flat, safe terrain. Use only by one person at a time.
5. Attention! Use only in shallow water under adult supervision. This is not a buoyancy aid! No protection against drowning!
6. Attention! Do not aim at eyes or face.
7. Attention! Use under the direct supervision of adults. Liquid can be swallowed!
8. Attention! Sharpener contains a sharp edge due to its function. Risk of injury!
9. Attention! Not for transporting children!

0+ to 8+

All information with „+" is to be understood as an age recommendation or as an educational note.

Sporting items, fan items, decorative items.

The sports, fan and decorative items offered in this catalogue are sold as such. In order to prevent possible confusion with toys, these items are marked with the following inscription.

Sport *„Sporting goods - Not toys!"*
Fan *„Fan items - Not a toy!"*
Deco *„Decorative items - Not a toy!"*

REACh.

All offered articles comply with the European Regulation No. 1907/2006, Registration, Evaluation, Authorisation and Restriction of Chemicals. The EU's objective is to produce and use chemicals in such a way as to minimise adverse effects on human health and the environment.

Customer information.

We hereby confirm, in accordance with Article 59 (1, 10) of the EC- Regulation number 1907 / 2006 (REACh), that articles delivered by us do not contain substances of the candidate list above 0.1% mass. We undertake to regularly compare our products with the substances specified in the candidate list in accordance with the REACh Regulation. Insofar as we determine that our products comply with Art. 33, we will inform you about this immediately and take appropriate measures in individual cases.

GENERAL INFORMATION.

Please understand that we do not have the items in stock in all colours of our standard colour palette. Ask our sales staff for the available colours, minimum quantities and colour surcharges. We print exclusively with physiologically harmless inks. The disposal of the paints and screens is carried out in a closed system. Screens are recycled after use for technical reasons. For repeat orders, the sieve must be recreated and calculated.

For imprints, we need a copyable black-and-white original or a film 1:1, with transfer motifs reversed. In the event of necessary changes to your originals or multi-colour films, we will charge you the lithographic costs incurred by us. However, we will inform you in advance and make the changes only with your permission. It is also possible to create individual designs and final drawings on request. These will be invoiced by us at cost. An exact reproduction of the desired shade depends on the colour and condition of the item. For darker surfaces, white may be required.

Deliveries to new customers and abroad are made against prepayment or cash on delivery or irrevocable letter of credit.

The contractual relationship shall be governed exclusively by the laws of the Federal Republic of Germany. The UN Convention on the International Sale of Goods (CISG) and the referral provisions of German Private International Law (IPR) do not apply.

Some of the text and image material was created with the help of artificial intelligence (AI).
Errors and misprints excepted.

Current Situation.

Significant global constraints and delays remain in global supply chains. In addition, there is a shortage of freight rates from Asia to Europe. These circumstances are beyond our control and we have no control over them. Despite the best possible planning and constant communication with our suppliers and freight forwarders, delivery delays and price adjustments due to increased procurement costs unfortunately may continue indefinitely. Should this be the case, we reserve the right to adjust the prices and/or delivery dates mentioned in the catalogue accordingly. Unfortunately, this cannot currently be avoided and we ask for your understanding.
